**COMMENTS  
OF  
TABLE TOP TELEPHONE COMPANY INC.**

Table Top Telephone Company Inc. (Table Top) (SAC 453334) hereby submits the following challenge regarding certain census blocks in its Arizona study area being designated as “wired-served” or “wireless-served” in v2.2 of the Alternative Connect America Cost Model (A-CAM). A review of the June 30, 2015 FCC Form 477 data identified competitive providers which may have led to the “served” designation. “Attachment A” to this filing contains a list of the census blocks for which Table Top seeks to contest the existence of a qualifying competitor, organized by the competitor identified in Form 477 data as serving in the block. Below is a narrative on each of the competitors demonstrating how they fail to offer service meeting all of the requisite requirements in the blocks being challenged.

Mediacom Arizona LLC

Mediacom Arizona does not offer voice or Internet service in the contested census blocks or anywhere in Table Top’s study area. Table Top’s study area consists of the town of Ajo, AZ and the immediate surrounding area. “Attachment B” is a screenshot from MediaCom’s website ([https://mediacomcable.com/site/about\\_local\\_address.php](https://mediacomcable.com/site/about_local_address.php)) that shows the services available from Mediacom in the Ajo area. Note that there are checkmarks next to digital TV and HDTV,

but there is no checkmark next to high-speed Internet. “Attachment C” is Mediacom’s “Rates and Services Price List” for Ajo, AZ. The list only shows digital TV services.

In addition, there is no interconnection agreement between Table Top and Mediacom, nor has Table Top ever received notice from Mediacom requesting to port numbers.

To be certain that Mediacom does not offer voice or Internet service in Table Top’s study area, several addresses from the contested census blocks were entered into Mediacom’s address lookup tool on their website. In each instance, a message was returned that said the user must call (844) 385-5773 to get information on the services that were offered at their address. When a Table Top team member placed a call to that number, the response from the Mediacom representative was that Mediacom only offers cable television service in the Ajo area; they do not offer telephone or Internet services in Ajo.

#### Midvale Telephone Company

Midvale Telephone Company is a rate-of-return ILEC whose study area is adjacent to Table Top’s study area. The contested census block is a “split” block that contains part of each company’s study area. Midvale does not offer any services to any of the locations in the block that reside within Table Top’s study area.

#### Transworld Network Corp.

Transworld Network Corp. does not offer a qualifying broadband service plan with either (a) speeds that meet the FCC’s standard of *actual* speeds of at least 10/1 Mbps, or (b) a rate that is at or below the applicable reasonably comparable benchmark rate. “Attachment D” of this filing is a screenshot from Transworld’s website (<http://wi-power.com/media-rates.html>) showing their residential Internet plans in Arizona. Transworld’s best Internet plan, the “Media 10”, provides *up to* 10 Mbps download speed. The fine print at the bottom of the page states that “Customers on qualifying plans may receive maximum download speeds ranging from 1.5 Mbps to 10 Mbps. Actual download speeds will vary.” (emphasis added) Clearly, 10 Mbps download is an “up to” advertised speed, not the actual speed that is provided, and the FCC has indicated that its speed standards refer to the actual speeds being provided. This alone should disqualify Transworld as a

qualifying competitor because customers are unable to consistently obtain an actual download speed of at least 10 Mbps.

In addition, the “Media 10” plan is priced at \$99.95, which exceeds the \$75.20 reasonable comparability benchmark for 10/1 Mbps, unlimited service by \$24.75. Thus, even if the FCC were to accept the “Media 10” offering as a qualifying service based on speed, it is still disqualified based on its failure to be priced at or below the applicable reasonable comparability benchmark.

Respectfully submitted,

/s/ Matthew J. Boos

Matthew J. Boos

General Manager and Secretary
